Re: Committee Number C00498907; October Quarterly Report

To Whom It May Concern:

This letter is in response to the Commission's request for information dated December 14, 2012. The commission requested further information regarding four items on our October Quarterly Report.

1. The Commission requested more information regarding our Committee's best efforts in obtaining contributor information. All solicitations from our committee contain a clear request for information from the contributor in accordance with 11CFR 104.7. Potential contributors are informed of the law's requirement that we disclose full name, mailing address, occupation and name of employer for contributions in excess of \$200 and required information is sought at that time. If a contribution is received with information missing, at least one attempt is made to contact the contributor. The requirement is then restated and requested and a self-addressed envelope is included for the contributor to return their information to the committee. If additional information is received the Committee will update its records and include the amended information on the next scheduled report.
2. Our Committee discloses a receipt on Line 14 (Offsets to Operating Expenditure) from the Cincinnati Insurance Company. Our Committee paid insurance premiums to The Harry A. Koch Company on August 10, 2012. Although the refund was received under the name "Cincinnati Insurance Company", this refund was for an excess of the premiums originally paid to The Harry A. Koch Company.
3. Schedule A discloses a contribution from Jonathan A. Buzzell. The report incorrectly identifies this as being an in-kind contribution in the memo field. That memo was included in error. Please find an amendment of the receipt removing the errant memo. No totals have changed since the receipt was not in fact an in-kind and therefore does not need to be disclosed on Schedule B.
